THE EQUIPMENT

Equipment is a critical component of any shoot and event space, and JACK's **Sound Stage** makes no exception. As the nerve center for managing and organizing everything a production needs, simple or extravagant, JACK provides the convenience of all manner of grip, lighting, electric, camera, prod, safety, maintenance and more.

Along with pay-per-use expendables, JACK provides scissor, fork and boom lifts for daily or long-term project rentals. Turn to JACK for all the crucial elements that keep your production efficient and successful.
